

REFURBISHED LOCKER

Dear members,

In our endeavour to provide you with the best quality service and environment, we would like to let everyone know that as of 1st December, 2011 we will have **all lockers in our changing room refurbished.**

Along with this refurbishment, we shall be introducing a **“sign in/out policy”** whereby each student will personally sign in and out for a key. In return we will require each student to hand us an ID card or a deposit of AED50. No locker keys will be given out otherwise under any circumstances. Our sign in sheet shall act as an indemnity form for this policy. In the event that a student loses a key, he / she will be liable to pay AED50, the cost of replacing the lock/ key.

****Please know that students are NOT permitted to keep lockers for personal use. Locker keys must be returned after the class they attend.***

****We ask that you please respect our reception staff as they implement this policy. Please do not ask them to override this policy.***

Please support us with this new system as it is there to protect “you” and make sure that lockers are available to everyone.

If you have any questions or suggestions regarding this new policy, please email manager@yoga.ae

We thank you for being part of the Zen Yoga family and look forward to seeing this policy provide a more fulfilling experience for everyone.

Namaste,

Zen Yoga management
